“ I lived next door to Cousin Bob back in his college days when he was working at the SuperRx Drug Store and driving his classic car around between Clarksville and Pulaski. He was a wizard of all board games, “Honeymoon” Bridge (Contract Bridge for two players), and Ping-Pong. He served our nation well during his time in the Army. In later years when our families lived in different states and computers had come in, Bob put the automation to work to become an enthusiastic and dedicated family genealogist... I would often hear from Bob on genealogy and DNA research sites. Thank you, Bob. We will miss you greatly. R. Nelson Bryant

“ I always enjoyed being around Bob. A kind man with even demeanor and a good conversationalist. Greatly admired his knowledge of family histories and his willingness to share his research. I, along with many, many others will miss him. Thank you Bob... Barry Helton
