“OMG!! My Aunt Alice just told me of this. I just seen Carla not long ago at Eastside College Market working. She looked good but things can happen and change in a heartbeat. You never know these days but she's always gonna be in our hearts and memories of how she was always so kind, generous, funny, and She will be missed dearly. Now Rickey has another family member he can aggregate up there in Heaven. My father Rickey Holley may of drank some natural light everyday but I think it kept him alive longer cuz he did stop in 2019 but he wasn't himself, so I told him to pop a top again, just not too much and he cut back but I was up here and wondered why he stopped visiting me cuz he always stopped after Lisa Weaver every other week and then he stopped and I told mama to get him to ER THAT something ain't right cuz April of 2022 he was dropping weight more and more and I got him a case of ensure every month and he was so sore when I tried to hug him and I said you need me to get you to a Dr. That can see what's wrong, but I think Rickey Holley may of knew because he had Abel Holley, his grandson (7) ,a Christmas card and me one and He never done that early, he always let Mama Pat do it. I think his stage 4 cancer took over his body and I wasn't thinking Cancer on him , it's like God wouldn't let me brainstorm over it, I don't know why!!! I just wish Saint Thomas would of done a brain scan on him back in 2017 and he may still be here, but He's with me everyday now in Spirit. I bet he's aggravating Carla to death up there. LoL. Let me know if there's anything I can do. Love,
Ashley n Abel Holley. PULASKI, TN
