“ I'm so sad to hear about chad. Me and Chad were practically inseparable though school. I can only imagine what what the family must be going through. Chad had a radiant light within him. And without that light, quite a few people's world will be much darker. To the family, charlie, Craig, Rachel, kids, if there is any way I can help, all you have to do is say the word. Love, Anthony Watson.

“ Chad where do I start
We were so young when saw my heart
From hay forts in our barn
To tie our brothers up with yarn
To day trips in the car
Man this is really hard
Adventures with Tim
Oh where to begin
To playing in abandoned house
I wasn't scared even if there was mouse
To a time together
In my mind you will live forever
Now my puppy love
I hope your smile lives above
You could brighten up a room
Gone from thus world to soon
To Cheryl Charles Craig and all the family I send my prayers and
love it doesn't matter how many years pass you will always be
family to me

“ Chad, it's been 7 months since you've been gone. You were in our lives for 12 years on and off. You were always my father figure in life. You watched me, Bri, and Tyler grow up and taught us many things along the way. You helped me through school, through heartbreaks, through fighting with my mom. You always had our back. Not a day goes by where I don't think of you or wish you could be here with us again. Or even just talk to you one more time to tell you that we all love you and miss you. You always knew how to put a smile on our faces even when we were in trouble. I wish you would've had the chance to meet my babies. Peyton knows of you and see's pictures of you and says, "Papa Chad". They would've loved you so very much . Rest easy Chad and know you will never be forgotten ❤️ love always, your step daughter, Bailey❤️
