“ *When we moved into the big farm house, Charlie put in a wood heater just like Clyde's. We built a shed just for the heater, had a drop down slot for the wood. While loading wood one day, Andy left the door open and Buddy fell thru to the cellar. What a day. Thanks Clyde for the memories.*

“ *We were neighbors for a long time. Our kids grew up together. All the kids knew it was time to go home when Clyde would call for Kelly at supper time. You could hear him all over the neighborhood. A great memory!*
