“ Grant helped us in ways far beyond just keeping us athletes from falling apart physically. He knew what to do to support us through injury and lightened the mood (yes the dad jokes), made the process a little easier as I went through my knee injury and many others through my career. I was so blessed to have him there during my 4 years of basketball and during the last game of my career. I just remember not wanting to take my shoes off for the last time and he just stood there with me in the locker room. Both hands on my shoulders telling me it was going to be alright as I sat there staring at my shoes with tears. I will remember his kindness, patience, and support for the rest of my life. Love you G-money ❤️🙏🏻

“ Grant was truly a blessing in my life . He was more than a trainer to me . His laughter, lessons, and help have all help me get through all my hardships . All the conversation we would have from basketball to cars to memes. I will never forget you and try to live more like you . You were such a selfless man , and you were always there when I needed something . You helped me get my keys out of my locked car , helped me when i ran out of gas , took me to multiple doctor visits, bottom line you were always there . I will love and remember you forever pawpaw/GMoney.

“ *Uncle Grant...*

Grant never failed to put a smile on my face. As someone who was always more to themselves, Grant never failed to get me out of my shell. Coming into school last year and meeting him for the first time, I thought he was scary and I told him that, and he laughed and showed me just how wrong I was. little did I know that he was a big softie who always showed his love for everyone around him. I am beyond grateful that I was able to get to know him and build a relationship with someone I will always remember.

Uncle Grant, I know you will be watching each and every athlete on all walks of their life. Looking down, proud of each of us. Thank you for all of your work and time you have put into each of us. Your smile is something I will never forget. Nor will I forget your dad jokes... you are a light to the world and I am simply grateful to have been a little part of your journey.
