“ I knew Mr. Dave through my husband who used to work with him. He was a very kind man who had a great heart for people. I got my glasses adjusted by him once and several weeks after that I saw him shopping in the store and he asked about my glasses and my husband. That made me feel good because I know he sees many people at work and for him to remember me and to ask about my husband was caring. I will be payer for his family. May God grant them strength during this difficult time.

“ Dave and I were co workers for 15 years at the Walmart Vision Center in Columbia, Tn.
Five days a week I would hear "morning boss". At the end of everyday, without fail,
"Have a good evening, tell Donnie hi".
Dave was a hand shaker, at the end of a conversation with a gentleman, he shook his hand. He was always the gentleman with the ladies.
Dave was a collector of many things. Years back he came to work one day with a small wooden barrel filled with antique light bulbs!
He wanted me to see his collection.
I could go on and on, but always, we had many laughs about many things.
I for one will miss Dave, RIP my friend.
