“ *Our agency was one of Joe's early customers. He flew his airplane to our local airport and then came to the office to do the install and onsite training himself. My office manager carried Joe back to the airport and he returned the favor by taking her for a airplane ride over town. Joe was a fine gentleman. I will always remember his help starting our " computerized quotes". My condolences to his family.*

“ I had just begun my insurance career when the Rackley Systems was first introduced. We were in the very first group to contract with Joe. He and I recalled that many times over the years. I considered him to be a pioneer and courageous man to venture into that and admired him a lot for doing it. Joe was a good man and a friend over the years,. Please extend my deepest sympathy to his family and friends in Pulaski.

“ I can honestly say Joe was one of the sweetest gentlemen I've ever known. His generosity towards others and kindness amazed me! I will miss him but know heaven welcomed him with open arms. My last memory of him is the hug he gave me the day he and Diane moved out of Silver Shells. God Bless You, Joe! Love you and Diane! Pam Bass
