“ You were my first son-in-love. I have always admired that you were so hands on with taking care of your children. Proud of you. I loved you as my son. I will miss how we teased each other and bantered back and forth with each. A few days ago we were having a wonderful conversation. You told me that you had always loved me and that you respected me. It touched my heart deeply When I told you that you just said it was true. As a mother in law it melted my heart. You will forever be in our thought. Will pray for your precious wife, wonderful children and grandchildren and the many families and friends who loved you. So glad that you are no longer sick, in pain or restrained. You are having the time of your life with your Mom and family members who have already passed over to glory. Love you son.

I can't say I had a better friend, neighbor, classmate or teammate than Doug...he was a huge part of my formative years and was quick to befriend a scared little blonde headed yankee from CT in 1973. We lost touch thru the years but thanks to Hailey we were just on the cusp of reconnecting. I deeply regret not being more proactive...I'll wait to see him on the other side..

God speed Doug

"May the lord put the wind at your back"...he will know where that came from..
