“ I am deeply saddened to just find out today Monty passed away during the Covid pandemic. I was the Material Service Coordinator (warehouse supplies) out of Columbia, and the Pulaski work center was one of the additional areas I served. Monty was always a joy to be around with his awesome personality. Truly an honorable and kind soul who I was blessed to know and work with. My sincerest sympathy to all his family and friends.

“ The last time I spoke with Monte he gave me his phone number so I could call him if I was concerned about his mother if she didn't answer her phone several times. I live in Colorado, but have known and loved their family all my life.

“ *The last time I was with my friend was a few weeks ago at the Lincoln County vs GC football game. He came up and sat beside me and we talked work stuff and laughed about times past. Finally the game started and GC was faced with fourth down and Chase came on the field to attempt a 37 yard field goal. When the ball fell through the goal posts and the refs held up their arms I saw a smile that was even bigger than normal for Monty. That smile will be missed by his family and so many friends. Peace be with us all.*

“ “Marvin, what’s up Marvin?” No matter where we were at, we would yell across a parking lot, a football stadium, or when he, Ken, and dad would carpool to ICP, I always loved seeing and hearing him. My thoughts and prayers are with the family during this time. Much love and respect!

“ *Once upon a time, during one summer of our teenage years, we were tasked by Monty's mom to clean out one of the farm sheds behind their house. We each had a three-wheeler so we would pile the junk on the rack behind the seat on our respective three-wheelers. Then we would make the trip to a sinkhole on their farm. At some point we found some old railroad flares that we concluded, were old sticks of dynamite. We made sure to be extra careful with the "dynamite" and careful we were as we made our way down the road, across the pasture, through the woods, and up the hill to the sinkhole. The "dynamite" was the last thing we put in the hole on this particular trip. After gently tossing the "dynamite" into the hole we got back on our three-wheelers to return to the shed for more to throw away. When I pushed the throttle on my three-wheeler the engine died. When I restarted my three-wheeler the engine backfired. Imagine how we didn't care what was in front of us - trees, bushes, etc. - as we rode swiftly away from the exploding "dynamite."*

“Biggest smile I've ever seen !!!

That smile, was constant with him, and you just HAD TO Smile back !!

*I've never heard an ill word spoken about him
(hard to do in a small town).*

He took grand pride in his Family especially, those babies! A successful and locally involved business owner. A dedicated employee. But, for Monte, the only aspect that really, really mattered to him was that his Family was his number one priority. If I sat down and concentrated, I am extremely confident I could tell you about every substantial event that happened in both Chase and Elizabeths life from age 4 to current. I looked up to Him !! (no pun intended, me 5'8, him 6'alot.) He made all the right moves for a dedicated, responsible, picture-perfect father. All us other Dads were exhausted trying to keep up with Super Dad !!!

I'll miss him terribly. We were closer back in the day yet, when I would see him or vice versa more recently, we instantaneously went Right back to being Great Friends. He was "always" right there if I needed his expertise. Dog chewed up telephone line..He was there !! Fixed and done. I dug up a line accidently.. He was there !! Fixed and done. Internet to garage. He was there !! Fixed and done.

These stories could go on for hours. He was not only all of these incredible attributes, he was involved, knee-deep, in both his kiddos lives, sports and hobbies. On one particular occassion he was called out of town to help restore working order after a disasterous event (He was quick to go and help !!). Problem was, he was coaching an incredibly talented soccer team that year (Chase and Cameron included) and it was the middle of the season. He asked, insisted, pleaded and begged me to fill in as coach while he went to go Save The World!!! I had zero desire to run around in the blazing Hot Sun coaching Anyone !!! I did though !! after all... it was Monte !! and ya can't say no to that Smile, ya just cant !! I've tried..its not possible. Needless to say, I was the "temporary" coach while he was out saving the World. I knew how much his coaching meant to him and i did my very best. Eventhough i knew I couldnt even remotely compete with his coaching level. I just kept telling the kids

to do what their coach, friend, father told them to do in the beginning of the season. We finished the season at the top !! Definetly because of his coaching skills !! I just got lucky and rode along for the victory. Season over, Montes done saving the world, and I felt great to help in this situation. Evidently saying thank you to me 47 times wasnt enough for his huge heart. Next morning he walked in, again, Huge smile on board, and presented me with this plaque/gift. I've proudly displayed this gift for 10 Years and, will continue to do so in HIS honor !!! Miss you Bro !!
