“ *The Corgi tradition in our family began when my husband and I purchased our first Cardi puppy from Sue in 1999. The dog she later placed with our daughter sired four of the Cardis who live in the households of our two grown children, as well as ours. Sue enjoyed a laugh at my expense when she witnessed the antics of our then two year old Cardi who chose to have a zoom fest in the ring when she was supposed to be heeling off lead. In 2015, I was able to present Sue with a Title Holders ribbon which was posthumously awarded to our dog, Sally, as well as a lovely photo of our sweet girl. Sue has touched many lives, and I count myself blessed to have known her. Warmest regards and condolences to her family, especially those of you whom I know personally. Becky Googe*

“ *I met Sue at my very first dog show. She was so welcoming and helpful. Sue took me under her wing and became my mentor and a great friend. We had many fun adventures traveling together all over the country including 2 trips to the Garden. Sue supported me through the death of both parents, cancer and divorce. I will sorely miss our Words with Friends battles. Suzi, you were one of kind and the world is a darker place now that your light has moved on to heaven.*

Wish I had had the chance to know her. My birth mother named me Nancy Kerry. I know she loved me. She was 17 when I was born. I thank God for her every day.

“ Sue always had a smile, loved her dogs and was perpetually ready to learn. Always enjoyed spending some time at the Nationals and the Garden with her. She will be missed by many. Sue always seemed happy to see you and share a good word. It was wonderful to watch her as she experienced so many good years wither her winners.
