

Patricia Lynn Moore

June 15, 1962 - April 21, 2015

Patricia Lynn Moore of Lynnville passed away on Tuesday, April 21, 2015. She was born in Florence, Alabama on June 15, 1962 and was 52 years old.

Patti's career spanned 28 years with NASA working at Marshall Space Flight Center in Huntsville, Washington, D.C., Moscow, Russia and the Johnson Space Flight Center in Houston. She was instrumental in the development and operation of the International Space Station. Patti graduated from Deshler High School, Tuscumbia, Alabama in 1980 and Auburn University with a BS in 1984. She attended Lynnville United Methodist Church.

Visitation will be on Thursday, April 23rd from 4:00pm until 8:00pm at Bennett-May-Giles County Funeral Home in Pulaski.

Funeral Service will be on Friday, April 24th at 2:30 in the Chapel of the Funeral Home with Rev. Tom Herring officiating.

Burial will follow in McCains Cumberland Presbyterian Church Cemetery, Columbia, Tn.

Memorial donations are suggested to Lynnville United Methodist Church Music Ministry, 1541 Main Street, Lynnville, Tn. 38472.

She was preceded in death by her father, Noel R. Moore.

She is survived by her,

Mother, Jacquelyn W. Grayson Moore of Lynnville

Brother, Carter G. (Pamela) Moore of Lynnville

Brother David N. (Cheryl) Moore of Senoia, Ga.

Nephews, Brian E. (Sandi) Moore of Honolulu, HI. William C (Rachyl) Moore

of Denver, CO. Jason N. (Danielle) Moore of Dalton, GA. and Jared L. Moore, of Nashville, Tn.

Great-nephew, Alex G. Moore and Hudson L. Moore of Honolulu, HI.

Bennett-May-Giles County Funeral Home in charge of arrangements for Patricia Lynn Moore.

“ So sad to hear about Patti! I have nothing but fond memories of her, from church to school to riding horses and those school dances. She loved people and loved life. God bless her and your family during this time of grief.

Mike McCormack - February 10, 2015 at 01:47 PM

“ Patti and I were office mates her first years with NASA. She was a lovely young woman with a lot of grit and I knew she was going to do well. She and I shared many, many conversations about life and love and the ways of the world. I will miss her.

Homer Hickam - February 10, 2015 at 01:47 PM

“ Condolences to the Moore family. I was shocked to get the news of Patti's passing. I spent much, much time with Patti in Moscow over the years, especially when we were getting the Russian operations started for ISS. We had a great time exploring the city and sharing the experience (with lots of NASA folks) of forging the relationships that sustain the ISS program today. Patti was fun to work with and hang out with. Her love of horses, interest in a challenge and good humor are something that will remain with me. Way to soon for someone like Patti to leave us.....

“ Our deepest sympathies to the entire Moore family. Patti was an outstanding person and a cherished friend. She shall be missed; yet remembered fondly by all who knew her.

Rest in Peace Patti.

“ Patti was my boss for several years and I loved working for her. She was a fierce "mama tiger" and watched out for her team while at the same time allowing us the chance to grow and be challenged.

I am so sorry. Prayers to all of you....

Elizabeth - February 10, 2015 at 01:47 PM

“ Some of my fondest memories, in my youth, were when my sister would take me to visit. Patti gave me beautiful memories and tried to give advice to a hard headed teen when she could. What an extraordinary woman! Gone from us too soon, she has always been in my heart and will remain there forever.

“ Jackie, Carter, David and rest of the Moore family I was so sorry to learn of the passing of Patti. I have such fond memories of her from birth thru her early youth and I know you all are grieving deeply. I remember visiting as a young child with Aunt Barbara Carroll and my mother right after she was born when you lived on Main street in the large white house up thru my teens when you would host the sleep-overs on 3rd Street to her love of horses and can remember her walking on Noel's feet when she was young. I know you all were so proud of her and her accomplishments. She was way to young to pass. My thoughts and prayers are with you all. Jeannie Downing

“Patti was loved and respected by everyone she worked with in the Russian Mission Control Center (TsUP). Today, we still have a team of US flight controllers working as liaisons between the US and Russian flight control teams in the “Houston Support Room”. Our team there has been flooded by Russian Specialists stopping by to express their grief over the loss of Patti. I’d like to share some words from our colleagues in Russia.

*From one of the Russian Mission Managers, Yuri Skursky:
“I am very sorry about the death of Patti and my condolences to all her relatives and friends. I remember her well; beautiful, cheerful, energetic, merry. She was very pleasant to work with. It is a pity that life is so short. Once again my condolences to all on this sad occasion”*

*From one of our own, Sergey Sverdlin:
“I do not know what to say, if you will find right words pass it to the family, TsUp is crying”*

Patti will certainly be missed, and remembered for her contributions toward forging a strong relationship between the US and Russians for joint operations of the Mir and International Space Station.

“ Sorry for your loss as Patty will be a loss to all of us so deeply. I have missed her so much since she left JSC for Tennessee. My wife and I will keep your family in our prayers and we are just heartbroken to know she has passed. Truly blessed to have known her and to be able to call her our friend and colleague. God Bless!

Will & Jackie Stager - February 10, 2015 at 01:47 PM

“ Oh, Patti! You were way too young to leave this world! I love you and will miss you more than you know. I will see you again one day, friend!

Patti and I were both young engineers working together in the Mission Operations directorate of the Marshall Space Flight Center in Huntsville, Alabama. Patti was always encouraging, always loving, always willing to share with anyone who needed anything. I loved working with Patti, being safety divers in the Neutral Buoyancy Facility, and sharing life together. May God continue to bless her family - you are in my thoughts and prayers.

“ I was so shocked to hear of Patti's passing. She was a great person to work with. I was the SysAdmin in Moscow several times and worked with Patti at the TsUP. She was always a true professional and great to work with. A good friend also.

My condolences to the family. May God comfort you in your sorrow.

Paul Brockman - February 10, 2015 at 01:47 PM

“ Many condolences to Patti's mother, family, & friends. I worked for Patti as a contractor in Moscow. I loved her joie de vivre, steadfastness, and concern for us all. I cared for her Russian cat Vasily in Moscow which was a fun bonding activity. A star has been extinguished too soon.

lindalee andruske - February 10, 2015 at 01:47 PM

“ I took this photo of Patti in Moscow in 1998. This was at the end of a long day, Patti had spent 10+ hours in the Russian Mission Control. She was always full of energy and let nothing stop her. She will be missed. Bob Castle, NASA-retired.

Bob Castle - February 10, 2015 at 01:47 PM
