“ Pat was my “go to” for many years when she was in the district office. She was a wonderful resource. Over the years we would run into her and Dick at different functions and became friends. We were extremely fond of both of them. I am so sorry we didn't know of Dicks death so we could see Pat and express sympathies. We wanted to come so badly to the service today but my health just didn't allow it. Both of them will be sorely missed. They were special.

“ A great lady. She was a help to me in my beginning years as a supply pastor in the Pulaski district. Judy and I enjoyed several Christmas dinners with Pat and Dick in their home along with several others pastors and spouses. Good memories.

“ I'll never forget the support she showed me and my family, especially our sons, during their college years. What a remarkable woman! Mrs Pat had strong faith in the Lord & shared joy every time I saw her. Also, Pat & Dick were true soul mates! I'm blessed to have called them both friends!
