“ Peyton and I were so ready for summer nights and we almost got there! I’m gonna miss your smile and incredible sense of humor. I remember one night after shooting pool which me and you did frequently and we always argued who was better and I knew I was but I always told you that you were 10x better than me. Well after we left from shooting we took the scenic route and you seen some cones and you begged me to stop so you can pick them up and I thought it was gonna be 2-3 but there was about 15 and you ran and grabbed everyone and seen a rabbit while doing it and you started sprinting towards the rabbit down hill and you fell face first in the dirt and you got up laughing so hard I can still hear it! I love you peyton! nothing but 8 ball on break up there brother

“ I couldn’t find pics of me and him. But oh all the memories . My kids absolutely adored him especially my son. He had to get a mullet when Peyton did. All the times we went to his house and brought our dog kids loved the tire swing. He was there for me quite a few times I for him. Especially when Stoney died. He had got Stoney from me and so I loved our relationship all the more. I could never say enough how loved Peyton was by everyone, me and my kids will forever remember him and all the good times we had.
