“ Back to finish my story to ya Preston. I'm always starting and never finishing right. That's me ashwey cuz you couldn't say Ashley when you like 4 or 5. It was so cute but I'm sorry for texting you not to go down mama pat's house , if I could take it back I would. I hope you didn't listen to me a month ago. I was just upset and being isolated up here in PULASKI TN with my aunt and uncle just to seey son is challenging. I figured out I was lied too and tricked anyways bout the whole deal. I thought I could go see my parents and before Well when Ricwy was dying up at Saint Thomas bubba had to tell her or they'd feel guilty but didn't say nothing bout my feeling's but they'd feel guilty. See how conceited this world is. Your with God now and what's weird is I never hardly nnopen up Rickey and Friday I did and I did and he jumped outta my hands like he wanted out but I had no idea you had died too. I believe y'all both knocked those ashes outta my hand and they scattered all over in yard. It was the most spiritual, beautiful, weirdest, heartfelt moment I've ever endured. Rickey will keep you company and I know you ll have him laughing whole time. I remember trick or treating with you and Tina n J. D. All those years and running from Michael Myers. We got all that candy. You wanted to see me Mama Pat n Becky said this last time you came down. at least I talked to you and we had no hard feelings , I just try to be big sister over all y'all, I just wish Becky would listen to me sometimes and mama has paperwork to fix her house there and get water cut on. House is paid for. I wish someone would pray and help her. I will love you always and be up there with you when God calls me home. Don't forget me. I'll see you n my dreams.
