ME

“ For most of my life he was know to me as Uncle Marlin. He was married to my aunt Iva Nell for many years. We spent nights with them both and had fun going swimming, and to the movies etc. He was always a great guy. He took me and my twin brother to the "junk yard" many times. He will be missed.

DJ

“ I met Lillun in the late 1960's when I got my drivers license. Always tinkering with my car or truck and Lillun was always glad to help me. In the mid 80's I started Midsouth Pipe Supply and later Midsouth Concrete across the road from his home and for the next 30+ years he was a great friend and neighbor which we all will miss!
