“ When I heard the news , I was deeply saddened. I felt like I lost one of my own immediate family members. That’s probably because for so many years, I felt like I was a part of your family. Cotton, “Cuz” as I called him, and Debbie treated me as I was one of their own. Matt and I were as close as brothers. There is not just one memory that stands out, because we had so many together. I do remember that Cotton treated every single person with respect. He showed what it was like to be a good Father and put his family first, always. I will never forget 135 East Ridge Road- it’s forever locked in my brain and a part of who I am. Its been a while since I have seen you all and when I heard the news I wished I could see him one more time. I wish I could show him the same respect one last time that he always showed me. He will forever be my friend.

“ To all of the Laxson Family,

So sorry to hear about Cotton. Losing a loved one in never easy, but especially when it comes at a relative young age. I know he will be missed by all. I has been years since I have seen most of you, but my memory of Cotton is still vivid and I hold having been his friend in high regard. May God bless and comfort you in this time of pain with the hope of the resurrection as Jesus promised at John5:28 and 29.

Sincerely,

Edward "Goosetree" Parsons
