“ I do not think there is anyone in Giles County that Zane didn't touch their life in some sort of way. She was an intelligent friendly and always ready to assist someone. My son was terrified of the water and by the time she was through with him he was swimming like a fish. Our friendship did not end there we were always running into each other through life and she is one friend that will be dearly missed. Janet Cozart

“ Zane and Jimmy were my Godparents, as a kid in the 70's my brother and I had a ball in that big ole house of theirs. Sliding down that bannister and playing pool upstairs where the balls hit the floor more often than the pockets. She was simply wonderful. She was always willing to let us come over and play with those huge sheepdogs and while Jimmy never let us play on his nice Corvettes she let us play on his stash of parts cars. She would scare momma to death on Christmas Eve when she would light the candles on an always enormous tree. I have a Sleigh to this day because of the one she had in her front yard. I'm a better person today for the love she showed me through my life and Heaven is surely a happier place today because she is there.

“ Zane was like our god mother, so awesome, such a great friend to our late mother and always cared about my sisters and I like we were her own. We have lost touch in the last few years since we all live in different states, but have always still loved her just the same! We will miss your laugh most of all Zane, I love you! Donna Dobie Parks
